The reason Mahmut carries milk candy is

Translation Notes

Sushi (page 4) - Zaganas got his ingredients from a typical super-market or convenience store sushi selection pack, containing tuna and prawn nigiri, and salted salmon roe gunkanmaki. The liquid in the fish-shaped bottle is of course soy sauce.

Tsuvita (page 4) - The bottle on the left belongs to a flagship brand of sweetened energy drinks. Due to their punishing work hours, many adults in Japan consume such drinks regularly.
